

Your left hand opponent { the leader} bid 2D but you alight in 4Sp.
 The lead is the Ace diamonds. No doubt the defence will keep leading high diamonds. How do you propose to play ?

19)	{declarer}	{dummy }	20)	{declarer}	{dummy }
	AJxx	K10xx		AJxxx	K10xx
	AKQ	xxx		AQx	Kxx
	xxx	xxx		xx	xxx
	xxx	AKQ		Jx	KQx

Try and bid the following hands to game. You will (no doubt) consider 3NT at some point -if you do decide to play in 3NT make sure that it is played from the right side.

It may help to know that :

N should be the declarer in only one 3NT contract

S should be the declarer in only one 3NT contract

N should be the declarer in only one suit contract

S should be the declarer in only one suit contract

	KQxx	AJx		Jxx	AQxxx

You are in 4Sp in the following two hands. The lead is the Q Hrts.
 How do you play to the first two tricks .
