

Homework -finesse crazy

All the contracts are 4Sp. The opening lead is the King Hearts.

Well if you could draw trumps correctly you would be in a fair position to make the contracts. Can you (draw trumps correctly) ?

State which Spade you lead at trick 2 and give a brief account of how you intend to play after you have led the first spade. ie say which Spade you lead and if it wins, what you would lead next. {If the finesse loses no doubt you will have a follow up plan in mind which you will mention}. Possibly the finesse will win and you will continue by leading Spades (in which case say which Spades you lead) or perhaps you will lead a new suit intending to go back to drawing trumps when in the right hand. Over to you.
