

In the next section you are shown an auction and three hands (a) , (b) and (c) .
Which hand goes best with the bid(s) made by South.
{Did South hold hand (a) or (b) or (c) } ? !

12)	N	S	(a)	(b)	(c)

Try these lead problems. The opponents bid to 3NT and along the way your partner made an overcall of 1Sp. Which *card* would you lead from each of these hands?

16) A4	17) A42	18) Q73	19) Q2	20) 862

765	J109	654	5432	KQJ109
324	453	43	AQ43	K3

You are in 6S and receive the lead of the 3 Diamonds. Perhaps this is not the best contract you have ever been in but you are going to give it your best shot.
How do you play ? { ie *which 2 cards do you play at tricks(s) 1, 2 , 3 ,4, 5, 6 ,7* } ?
