

## Homework -loser on loser plays

You are the declarer in 4Sp. The lead is the Ace diamonds.

No doubt the leader will continue with the King diamonds and then a third diamond.

i) Looking at all four hands can you see how many tricks you will make if you try ruffing with the 9 Spades ?

ii) What was a better play you could have made?

You are the declarer in 4Sp. The lead is the 9 clubs which is won with the Q clubs. The A clubs is played next and then finally the K clubs.

i) Looking at all four hands can you see how many tricks you will make if you try ruffing with *any* spade ?

ii) What was an alternative plan you could have made at trick 3 ?
