

Your partner was in 3NT and on the lead of the 2 Hrts played the Jack.
 The Jack of Hearts lost to the Queen and the opponents switched to a diamond.
 After a protracted struggle partner ended up one light.
 were you pleased with partner's effort or do you think they could have done better ?
 What would have been your plan on the lead of the 2 Hrts ?

In 6 Spades you receive the lead of the K Hearts.
 As ever there may be more than one way to play the hand but what is the *best*
 approach. How do you play ?

Your opponents have bid to 6NT. Your hand is shown below. You would have no
 hesitation in making a lead against 3NT but perhaps 6NT is different ...
 What do you lead ?

You are defending 3NT and after your original lead of the King Hearts { which lost
 to dummy's Ace } declarer plays 5 x rounds of diamonds.
 What are your five discards ?
