

## Homework throw in plays

You are in 4Sp and the opponents lead the A + K + Q of clubs.

The contract is good and you have a plan or two.

Having trumped the third club what do you intend to play over the next few tricks.?

1)	(declarer)	(dummy)
	KQJ43	A1098
	AKJ	654
	863	AK2
	43	987

In 6Sp ( no less) you trump the opening Hrt lead.

Can you exploit all your chances ?

{would it be helpful to tell you that there are a sequence of plays that make 6Sp a 100% certainty ? }.

How do you play ?

2)	(declarer)	(dummy)
	KQJ7432	A109865
	void	4
	AJ2	K103
	AK2	543

In the part score of 3 Diamonds you feel there are various chances .

The opponents lead the K spades which you win.

No doubt you draw trumps but then what ?

What are you planning on next ?

3)	(declarer)	(dummy)
	A6	J3
	K87	432
	AKJ102	Q987
	K102	Q932

Try a trifling 3C. The opponents lead the A + K spades and then play a third spade that you win. Any ideas ? {Having in mind the unavoidable losers might help }.

4)	(declarer)	(dummy)
	QJ10	876
	K87	A32
	K102	Q98
	AQJ2	K987
