

Homework -vulnerability matters

You have opened the bidding and are considering going onto game,  
 What do you bid if a) not vuln or b) vuln

The opponents have opened the bidding and you are thinking of making an overcall.  
 Would the vulnerability influence you at all ?

ie would you overcall regardless of vulnerability or only do so if non-vuln or not overcall  
 whatever the vulnerability ?

7) N            E            S            W
